## Journal of Scientific Research and Studies

Current Issue: May 2018

Journal of Scientific Research and Studies (JSRS) (ISSN 2375-8791) is an open access double-blind peer reviewed and Monthly published research journal that publishes articles, in English, and in the field of Biomedical and Life Sciences, Chemistry and Materials Science, Computer Science and Communications, Earth and Environmental Sciences, Engineering, Medicine and Healthcare, Physics and Mathematics and finally Social Sciences and Humanities. It is a modern research journal to encourage research publication to research scholars, academicians, professionals and students engaged in their respective field.

JSRS is indexed in Google Scholar, Root Indexing, International Innovative Journal Impact Factor (IIJIF) database and International Institute of Organized Research (I2OR) database.

JSRS serves an intellectual audience that is interested in the latest research coming out of universities and industries around the globe. The journal publishes research developments and disseminates them to an international audience.

The journal welcomes publications of high quality papers. Original research papers, reviews and high quality technical notes are invited for publications.
