Dear Reviewer, sorry for late response. It seems quite difficult to remove the abstract from Univ. Terbuka. Somebody has put it without my permission. Instead, I have modified a bit the title and the abstract content. Please find my revised paper in attachment file.

Our decision is Accepted with Revision Required

Please, kindly revise according to the following review comments.

This paper presented a very interesting topic related to Disaster. The paper is written in a good way. The reviewers recommend this paper for acceptance with the following change:

1. Section Heading II (Page 2, Line 20): Delete "THE"
2. Section Heading IV (Page 6, Line 8): "CONCLUSIONS" should be revised to be "CONCLUSION"
3. Fig. 7b (Page 6): "Wire mess" should be revised to be "Wiremesh".
3. References from recent papers (2015 -2019) only 40%, please revise it to be more than 50%.
4. The relationship between tsunami preparedness and training of earthquake-safe houses is not clearly mentioned, please explain it in Introduction and in results and discussion.
5. The author (s) should explain the method of survey, the types, and the number of respondents, etc.
6. Page 6, Line 11: Rewrite the sentence, use "However" rather than "But" at the beginning of the sentence.

Looking forward to the revision.
