BigBlueButton

- Online document

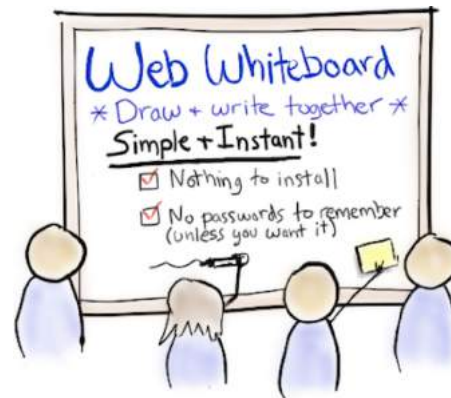

Meaning Making

- Collaborative Document
- Blogging
- Reflective Video
- Task/Assignment
- Forum Discussion
- Social media

Experiential Engagement

- Games
- Experiment
- Community project
- Art project

Baamboozle

Evaluation

- Quiz

Content Delivery

- Deep Customization and flexibility
- Data-based insights
- Unrivalled security for your data, media, and users
- Constant ongoing improvements
- Web and mobile platform
- Open source

Moodle Features

- Modern, easy to use interface
- Personalized Dashboard
- Collaborative tools and activities
- All-in-one calendar
- Convenient file management
- Simple and intuitive text editor
- Notifications
- Track progress

Administrative Features

- Customisable site design and layout
- Secure authentication and mass enrolment
- Multilingual capability
- Bulk course creation and easy backup
- Manage user roles and permissions
- High interoperability (External Integration)
- Simple plugin management
- Detailed reporting and logs

Course Development Features

- Direct learning paths
- Encourage collaboration
- Embed external resources
- Multimedia Integration
- Group management
- Marking workflow
- Peer and self assessment
- Integrated Badges
- Outcomes and rubrics
- Competency based marking
- Security and privacy
