Journal: AAVS

Article Name: Physical Properties, Crude Nutrient Content, and Nutritive Values of Fish Meals Produced from Overflowed Fishes for Laying Quails

Corresponding Author: Khalil

Author Queries:

1. During the process of final proofreading and typesetting of your manuscript, the following queries have arisen. The queries are related to RED text in the galley proof. Please check your typeset proof carefully against the queries listed below and make the necessary changes either on this query form or directly on the PDF galley proof. **Watch short demo** (<http://www.youtube.com/watch?v=VsvY660PIok>) or **follow the page given beneath** for making changes directly in the pdf.

2. **No further changes will be allowed once article will be fully published.**

QUER Y REF	PAG E No	DETAILS REQUIRED	AUTHOR'S RESPONSE
AQ1	All	The references in red are not given in the reference section of the article. Please provide these.	
AQ2	All Pages	Please check for the biological / scientific names and confirm that they all are given in correct order and italic font style	

Any query or additional file related to the article may be sent to email managingeditor@nexusacademicpublishers.com

Making Corrections in Galley Proof (PDF) File

Please follow these instructions to mark changes or to add notes in the galley proof. You can use Adobe Acrobat professional version 7.0 (or onwards) or Adobe Reader 8 (or onwards)). The latest version of Adobe Reader is available to download for free at get.adobe.com/reader.

For additional help please use the [Help](#) function or, if you have Adobe Acrobat Professional 7.0 (or onwards), go to http://www.adobe.com/education/pdf/acrobat_curriculum7/acrobat7_lesson04.pdf

Displaying the toolbars

To display the toolbar please follow this link:

Adobe Reader 8: Select Tools → Comments & Markup → Show Comments and Markup Toolbar. You must see the following bar:

Acrobat Professional 7: Select Tools → Commenting → Show Commenting Toolbar.

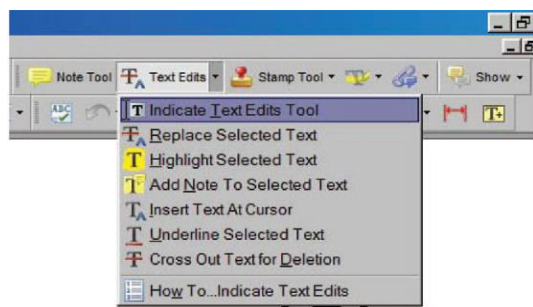

Adobe Reader 10: To edit the galley proofs, use the Comment Toolbar (Sticky Note and Highlight Text).

Using Text Edits

This is the quickest, simplest and easiest method both to make corrections, and for your corrections to be transferred and checked.

1. Click **Text Edits**
2. Select the text to be annotated or place your cursor at the insertion point.
3. Click the **Text Edits** drop down arrow and select the required action.

You can also right click on selected text for a range of commenting options.

Saving the comments: Don't forget to save the comments

To save your comments, save the file (File → save) before closing.

Pop up Notes

With **Text Edits** and other markup, it is possible to add notes. In some cases (e.g. inserting or replacing text), a pop-up note is displayed automatically.

Display: To display the pop-up note for other markup, right click on the annotation on the document and selecting Open Pop-Up Note.

Move: To move a note, click and drag on the title area.

Resize: To resize the note, click and drag on the bottom right corner.

Close: To close the note, click on the cross in the top right hand corner.

Delete: To delete a note, right click on it and select Delete. The edit and associated note will be removed.

Corresponding E-mail: khalil@ansci.unand.ac.id

Similarity only 15%. In the attachment, I enclose the file of the draft and the Turnitin result. You can check it under the link:

https://ev.turnitin.com/app/carta/en_us/?o=1305435026&lang=en_us&u=1069110403&s=1

Your Turnitin refers to the above file draft. It is the same authors.

Before I send it to the Advances in Animal and Veterinary Sciences, I revised the title and all parts of the manuscript to be publishable a Journal of Animal Science, not in a Fisheries journal. Some of them are still the same as with the previous draft.

Once again, I tell you that I did no plagiarism. I keep my credibility as a researcher, academic staff at state University, and also as a Muslim.

Dear Colleague,

I would like to thank you very much for your email regarding the high % identity and plagiarism of my manuscript titled "Physical Properties, Crude Nutrient Content, and Nutritive Values of Fish Meals Produced from Overflowed Fishes for Laying Quails". I should inform you that I did not do plagiarism

I would inform you that I have also tested the first draft of my manuscript by Turnitin at April 23, 2020, before I send it to the Advances in Animal and Veterinary Sciences under titled:

Physical Properties, Crude Nutrient Content, and Nutritive Values of Fish Meals Produced from Overflowed Fishes by Direct to or Steam Cooked Before Drying

Khalil*, Yuliati Syafan Nur and Andri

Department of Animal Nutrition and Feed Technology

Faculty of Animal Science, Andalas University

Campus II Payakumbuh, West Sumatra, Indonesia

Corresponding E-mail: khalil@ansci.unand.ac.id

Similarity only 15%. In the attachment, I enclose the file of the draft and the Turnitin result. You can check it under the link:

https://ev.turnitin.com/app/carta/en_us/?o=1305435026&lang=en_us&u=1069110403&s=1

Your Turnitin refers to the above file draft. It is the same authors.

Before I send it to the Advances in Animal and Veterinary Sciences, I revised the title and all parts of the manuscript to be publishable a Journal of Animal Science, not in a Fisheries journal. Some of them are still the same as with the previous draft.

Once again, I tell you that I did no plagiarism. I keep my credibility as a researcher, academic staff at state University, and also as a Muslim.
