Dear Dr Nur Indrawati Lipoeto,

Re: "Nutritional contributors to maternal anemia in Indonesia: Chronic energy deficiency and micronutrients"

We would like to inform you that your paper will be published in Asia Pacific Journal of Clinical Nutrition Vol 29(Suppl 1), 2020.

Please find attached your galley proofs, in which your article has been formatted in Word. **Please read the article carefully and check for any errors which we may have missed and which may have occurred in formatting. Please highlight all your corrections in yellow shading. Insert your corrections directly into this file and refrain from making lengthy changes as this will affect the format.**

It is not permitted to change the title or authorship unless in exceptional circumstance which would require a new copyright agreement and a written authorization by any or all authors affected.

Particular points follow for careful consideration:

1. While 'Spell Check' in Word should be used routinely, make sure to read the manuscript again after the check since inappropriate changes may have been made and be persistent once accepted.
2. Some references are incomplete.

We would like to have your corrections in 2 days (December 28, 2020).

Thank you for your kind assistance in the editorial process.

Yours sincerely,

Yi-Chen Huang
