<p>Pengaruh Ukuran Perusahaan, Profitabilitas, Leverage, Likuiditas dan Struktur Kepemilikan Pihak Luar terhadap Internet Financial and Sustainability Reporting (IFSR)</p> <p>Skripsi S1 oleh: Hesti Amelia Rizkiyah Pembimbing: Masyhuri Hamidi,SE, M.si, Ph.d</p> <p>ABSTRACT</p> <p><i>Internet Financial and Sustainability Reporting (IFSR) was voluntary disclosure. With no specific regulations on IFSR, some companies disclosed its informations about financial, sustainability, products, etc at company's website independently. Its website could interest investor, creditor, and internet user to know more about the company. The objective of this research was to test and analyze the factors that affected the voluntary disclosure by IFSR Index. Firm size, profitability, leverage, liquidity, and outside ownership were the independent variables of this research. The samples of this research were 12 food and beverage companies listed at Indonesia Stock Exchange during 2009 till 2012 that had been selected by using purposive sampling method. The result of this research revealed that profitability and outside ownership influenced Internet Financial and Sustainability Reporting. Big companies and profitable had a good reporting information system and leaned to have the resources to produce more information.</i></p> <p>Key words: company website, internet financial, sustainability reporting, voluntary disclosure.</p>
